

Energy Aggregation Committee Meeting Minutes

March 25, 2024

Attending: Dorothy Minior, Lundy Lewis, Pete McGinnity, Kate Batcheller, Michele Siegmann, Curt Spacht, Martin Garay, Alejandro Garay.

Meeting started at 7:10 PM

February minutes approved.

Comments about last month's presentation by Standard Power: no

Some people present voiced general concerns about:

- CPCNH (Community Power Coalition of NH) appears to have a goal of being lower than Eversource, while SP (Standard Power) appears to be trying to find the lowest rate. What is CPCNH's criteria for setting rates?
- There exists other criteria to consider, not just rates. Contract should be considered.

[Kate made a correction to a statement she made at Town Meeting: the town of Mason has an electricity contract for the municipal buildings with NRPC until November 2025.]

Curt asked all members to send him a list, in order of sequence of importance, for Community Power acceptance criteria. Please send it soon, well before our next meeting.

Meeting adjourned at 7:25 PM
